

INSTALAR REFWORKS CITATION MANAGER

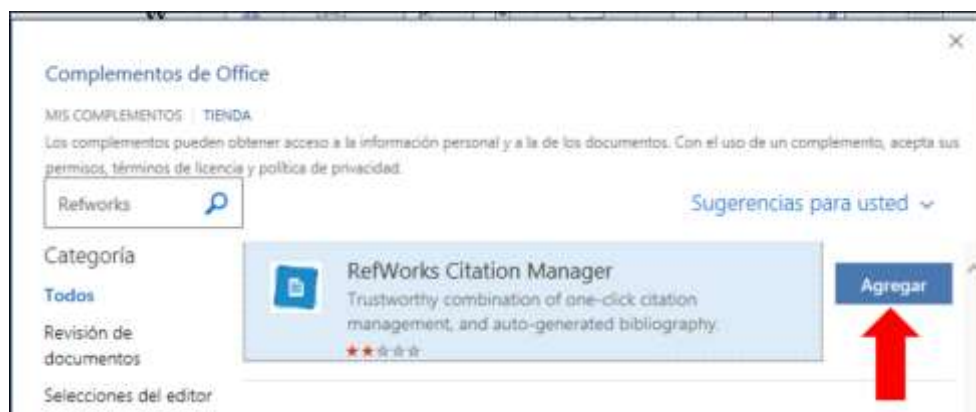

Se dispós no teu ordenador da versión de Office 365 (Office 2016) o complemento para citar descárgase da tenda de Microsoft á que accedemos dende o propio Word premendo en “Insertar”:

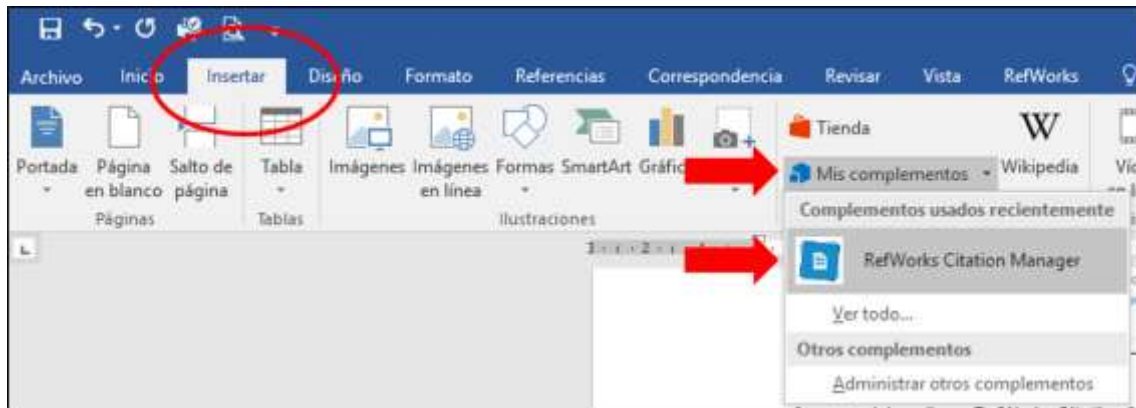

Buscamos o complemento RefWorks...

... e facemos dobre clic en RefWorks Citation Manager:

Unha vez agregado o complemento para abri-lo, dende a pestana “Insertar” prememos en “Mis complementos” e á dereita da pantalla abrírase un panel onde terás que identificarte coas túas claves de acceso ao Novo RefWorks.
